

Design and Technology

Pupils will:

- colour and decorate textiles using the printing method.
- colour and decorate textiles using tie dye method.
- join textiles using a running stitch.

Trip

- Author Visit to school.
- Hull Library Service visit to school.

Homework Project

None

Literacy Year 1

- Apply phonic knowledge to decode words.
- Respond speedily with the correct sound to graphemes
- Read common exception words, noting unusual correspondences between spellings and sounds.
- Using finger spaces, capital letters, full stops.
- Saying out loud what they are going to write about.
- Composing a sentence orally before writing it.
- Sequencing sentences from short narratives.
- Re-reading what they have written to check it makes sense.

Literacy Year 2

- Continue to apply phonic knowledge when needed.
- Read words containing common suffixes.
- Understand both the books that they can already read accurately and fluently and those they listen to.
- Write about real events, poetry and different purposes.
- Edit and improve our work.
- Use apostrophes for possession
- Use expanded noun phrases.

Science - we will be investigating living things and their habitats. We will:

- explore the difference between things that are living, dead and things that never have been alive
- identify that most things live in a habitat to which they are suited and describe how different habitats provide for the basic needs of different types of animal.

Geography

Pupils will:

- compare and contrast a small area of the United Kingdom with that of a non-European country.
- explore weather and climate in the United Kingdom and around the world.
- use basic geographical vocabulary to refer to and describe key physical and human features of locations.

Spring
Term 2

Maths

Pupils will:

Year 1:
