

Dear Parents and Carers

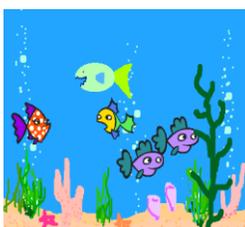

Welcome back to spring term 2! We are all looking forward to another fun- packed term with lots of new learning opportunities for your child. We now need recyclable materials for our creative area such as yoghurt pots, cartons, boxes and kitchen rolls. If you have any large boxes please could you bring those too?

Here are a few other bits of information and reminders.

Please note that your child is expected to read at least **three times a week** and their book be signed by an adult. Their book needs to be in school every Thursday for changing. If your child finishes their school book before Thursday please encourage them to read their own books they may have at home.

Our topic this term is

Under the sea

Homework will be given out every Friday and we would like it returned by the following Thursday with their reading book please.

Week 1: Maths

Week 2: Literacy

Week 3: Science

Week 4: Topic

Curriculum overview

Through our topic we will be looking at animals which live in our different oceans, the life cycle of the turtle and pollution in our oceans. We will also be looking at the growth of plants and animals. We will continue with our daily phonics which supports our reading and writing. We will all be continuing to develop our counting skills and using number to support us with calculating and problem solving. We will be investigating shapes and their properties. It is important that we continue to follow our school rules, be friends with everyone and learn to share our resources.

Tapestry

Can we remind you that you can upload your own photos/videos of learning that is taking place, to your child's tapestry, which you all have an account for. We love to read about the learning that goes on beyond the classroom so please share it with us. If you are having any problems accessing your child's account please see a member of staff.

If you have any worries or concerns regarding your child's education please make an appointment to come and speak to a member of staff.

Yours sincerely,

Mrs Clark & the Foundation Team
