

School Council Report

The school council have set up a school initiative this term called the Weekly Role Model Awards.

Now it's been running a few weeks we discussed how we thought our system is working.

The children felt that the weekly role model mission posters (which they put up) around the school were working well and everyone was trying hard to achieve them.

They thought that introducing the mission in the assembly on Monday was a fantastic way to involve the whole school and motivate thoughtfulness.

This week's mission was 'Say only kind words to others.' Many of the council members knew someone they wanted to mention that they had heard fulfilling this mission so they wrote their names and what they said in the Role Model

Book. These children will be mentioned on Friday in an assembly for their excellent behaviour. We have all decided this would be a good thing to carry on next year.
